

Magnolia Coastlands AHEC

2023 MATERNAL & CHILD HEALTH (MCH) RESOURCE GUIDE

BULLOCH COUNTY

Created By

Emmanuela Nwaonumah, MPH

INTRODUCTION

Description

Magnolia Coastlands Area Health Education Center (MCAHEC) works to serve 39 counties in the Southeast Georgia Region. It has the mission to support the education, recruitment, training, and retention of a diverse health professional workforce. The MCAHEC 2023 MATERNAL & CHILD HEALTH (MCH) RESOURCE GUIDE attempts to coalesce various community resources to improve rural Georgia's maternal and child health outcomes. It highlights what Bulloch County currently has in service of women of reproductive age and children. Areas of interest include resources for mental health, substance abuse, obstetrics/gynecology (OBGYN), social support, daycare, general health services, and pregnancy/breastfeeding. It is to be noted that this list is by no means exhaustive, and MCAHEC does not endorse any particular service or program. We hope this resource guide serves as an educational tool and can complement future needs assessment for Maternal and Child Healthcare in Bulloch County and enrich the process of increasing support for the women and children in the county.

Need

Between 2016-2020, Georgia had 29.5 maternal deaths per 100,000 live births within 42 days postpartum, compared to the national rate of 19.3 maternal deaths per 100,000 live births. We can also note the maternal mortality rate by race distribution that mothers of African American or Hispanic origins have a higher mortality rate compared to White mothers.

General Information For Bulloch County

According to the Georgia Department of Community Health, Bulloch County is listed as one of Georgia's rural counties. As of 2021, Bulloch County, GA, had 82,442 occupants, with women making up 51% of the total population. Approximately 63% of the occupants were White, 30% were Black or African American, 0.5% were American Indian or Alaskan Native, 1% were Asian, 0.1% were Native Hawaiian or other Pacific Islanders, and 5% were Hispanic or Latino. Additionally, among Bulloch County occupants at least 25 years of age, approximately 88% are at least high school graduates compared to 28% with at least a Bachelor's degree. Finally, about 21% of individuals in Bulloch County live below the poverty line, which is higher than the national average of 12%.
